In the Community

“Coaching Through Stories”

This is a five-week course using stories and activities to create power in children to make good decisions, create new possibilities, and create soaring self-esteem and self-confidence. Through the course we will discover how honoring their uniqueness can assist the children in creating a vision and goal setting strategies, while managing mistakes and moving past the fear of making errors and change.

Days and Times to be determined.

Fee: \$600.00
